

World Class SystemVerilog & UVM Training

**Sunburst Design - 2-Day SystemVerilog Fundamentals Training
(taught as 4-Half-Days), June 20-23, 2022**

Paradigm Works is sponsoring open enrollment SystemVerilog training by renown SystemVerilog trainer, presenter and author, Cliff Cummings. The training is offered at reasonable times for anyone from the U.S. East Coast to India. Lecture each day will last about 3 hours but Cliff is setting aside 4 hours for lecture each day in anticipation of large audiences and lots of questions. Cliff will also set aside 1 hour before class and 1+ hours after class to help with labs and answer questions. For more information about the training course and pricing, visit the webpage:

www.sunburst-design.com/systemverilog_training_schedule

LECTURE SCHEDULE

Lecture scheduled for Mountain U.S. time zones (Cliff's time zone) – 7:00 am – 11:00 am

Lecture scheduled for Eastern U.S. time zones – 9:00 am – 1:00 pm

Lecture scheduled for Europe time zones – 3:00 pm – 7:00 pm

Lecture scheduled for India time zone – 6:30 pm – 10:30 pm

Additional Lab Time – Cliff will be on the WebEx call 1 hour before lecture and stay for 1 additional hour after lecture.

COURSE MATERIALS

All materials will be provided as color, searchable, protected PDF files with a 3-year license, and are accessible on laptops running Windows 7 and above.

When enrolling, students need to share their email address and the country where they are located for Paradigm Works to generate the licensed electronic materials.

LABS & TOOLS

Lab files will be provided for download. Students are encouraged to use their own tools to run the labs to gain experience with their preferred tool set.

There are a limited number of training logins that can be provided by Paradigm Works for this training class. Notify Michael Hoyt if you need access to one of the Paradigm Works accounts for training.

PRICING

Pricing for Sunburst Design training courses: \$400/engineer/training day.

Price for this course is \$800 for the 4-half-day training course.

To enroll, please contact michael.hoyt@paradigm-works.com directly, or sd-finance@paradigm-works.com
